

LIVETOUCH Flipcase

The perfect match between your phone
and our scanner

Outstanding Features

- > Foldable, super robust housing
- > Removable smartphone
- > LIVETOUCH QUATTRO Compact Up FAP 60 fingerprint scanner
- > One hand use

Key Benefit

LIVETOUCH QUATTRO Flipcase is a multifunctional, mobile solution that easily connects our LIVETOUCH QUATTRO Compact Up with your mobile phone.

LIVETOUCH Flipcase: The perfect match between your phone and our scanner

FAP 60 to go.

Our LIVETOUCH Flipcase is a multifunctional, mobile solution that easily connects our LIVETOUCH QUATTRO Compact Up with your mobile phone. It thus enables you to register, verify and identify a person's identity anywhere and at anytime.

Your mobile phone as control centre

With the LIVETOUCH QUATTRO Compact Up, your mobile phone becomes a multifunctional control centre for identity verification. From controlling the fingerprint scanner, recording or verifying demographic data, capturing facial images and documents, reading chip data to sending and receiving data – never before have so many possibilities for verifying identity been combined in one device.

Secure to the power of three

During mobile identity verification, the security of the officer must be guaranteed. The LIVETOUCH Flipcase one-handed operation in no way limits the officer's radius of movement. The arrangement of the mobile phone also ensures that unwanted views of the display from outside are not possible. No visible cables between the devices: The integrated docking connection between the mobile phone and the fingerprint scanner prevents disconnections.

Product Features

- > Scan Area (W x H): FAP 60 (3.2 inch x 3.0 inch)
- > Resolution: 500 ppi
- > Captures flat fingerprints (4-4-2) and rolled fingerprints
- > Captures documents and barcodes in ID1 format
- > Integrated user guidance
- > Scratch resistance
- > One hand use
- > Certifications: FBI, BSI, CE, FCC, UL, RoHS

Full flexibility

The unique design of the robust housing with solid snap mechanism ensures a safe one-hand operation when capturing fingerprints. Whether unfolded or folded, full access to the buttons and camera of the smartphone is always given. The mobile phone can be easily charged at any time via the integrated interface.

Secure hold

An optional bumper prevents the Flipcase from any damages when used in tough conditions. Even when used with gloves, the rubber bumper ensures a secure hold of the device. In addition, an removable pistol grip guarantees an ergonomic handling of Flipcase during longer capture sessions.

Certified Image Quality

The German Federal Office for Information Security has certified the LIVETOUCH QUATTRO Compact Up fingerprint scanner according to "BSI TR-03121" standard. The fingerprint scanner also meets the image quality specification Appendix F by the Federal Bureau of Investigation (FBI).

Specifications LIVETOUCH Flipcase
